Sir:

SanDisk Corporation ("the owner") owns the entire interest in and to both the above-identified patent application ("instant application") and patent no. 6,040,622 ("prior patent") by way of an assignment from the inventors of their common parent patent application Serial No. 09/096,140, filed June 11, 1998.

The owner hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application that would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. §§154, 155, 156 and 173, as presently shortened by any terminal disclaimer, of the prior patent. The owner further agrees that any such patent granted on the instant application shall be enforceable only for and during such period that such patent and the prior patent are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the owner, its successors or assigns.
